[Despatch Abstract.]

Medical Institution-South Kanara District-Government Hospital, Kasargod-Increase of bed-strength and employment of additional staff-proposal-deferred

MEDICAL DEPARTMENT.

***

From

Dr.P. Arunachalam, MD.,MRCP.,TDD.(Wales).,DMR.(Lond).
Director of Medical Services, Madras -6.

To

The Secretary to Government, Health Department, Madras.

Ref.92131.G1 Dated 29-9-1952

--

45622 Sir,

Sub:- Medical Institutions - Government Hospital, Kasargod - South Kanara District - Increase of bedstrength and employment of additional staff.

---

The existing bedstrength of the Government Hospital, Kasargod is 26. The District Medical Officer reports that the work of extension of the maternity ward has since been completed and so 8 more beds can be accommodated in the place extended; thus bringing the total number of beds to 34. I recommend that the bedstrength of the Government Hospital, Kasargod may be fixed at 34 and following additional staff sanctioned for the hospital based on the increased bedstrength.

NURSES.

The present sanctioned strength of nurses in the Government Hospital, Kasargod is two. The Hospital can employ 4 nurses when the bedstrength is increased to 34. I recommend the employment of 2 additional nurses.

CLERK.

When the bedstrength is raised to 34 the hospital will be eligible to have a clerk. The appointment of a Lower Division Clerk in the hospital is recommended for sanction.

COMPOUNDER.

In-patients =63
Out-patients =366

The present statistics* warrant the employment of an additional compounder in the hospital. There are two compounders in the hospital. The employment of an additional compounder is recommended for sanction.

NURSING ORDERLIES.

There are 3 Nursing Orderlies in the institution. The Hospital with 34 beds will be eligible for four Nursing Orderlies. I recommend the employment of an additional Nursing Orderly in the Hospital.

TOTIES.

According to the standard scales the hospital with 34 beds is eligible for 3 toties. There are two toties working in the hospital. An additional toty will be sanctioned by me.

The extra cost involved is shown in the Annexure.

Yours faithfully,

for Director of Medical Services.

| | | 8,300 | | 6,900 |

EXPLANATORY NOTE.

The D.M.S. has reported that the construction of a maternity ward of 8 beds in the Govt.Hospl. Kasargod has been completed and has proposed an increase in the bed-strength of the hospital from 26 to 34 and the employment of the addl. staff mentioned in the margin*. The addl. staff asked for is ~~quite necessary and~~ well within approved scales. The daily ~~att~~ average attendance of in-patients viz 63, justifies an increase in the bed strength from 26 to 34.

* Staff Nurses - 2
L.D. Clerk - 1
Compounder - 1
N.Orderly - 1
Toty - 1

P.T.O.

The proposal is considered to be immediately and imperatively essential for the proper running of the hospl. and it is accordingly proposed to give effect to it during 1953-54. Provision will be included in the B.E. for that year ~~1954~~ as shown in the above summary.

PART II SCHEME FOR 1953-54.

The proposals of the D.M.S. are for increasing the bed strength of the Government Hospital, Kasargod from 26 to 34 consequent on the completion of the maternity ward to accomodate 8 more beds and for the employment of the following additional staff:-

2 Nurses

1 L.D. Clerk

1 Compounder

1 Nursing Orderly and

1 Toti.

The extra cost has been estimated at Rs. 8,000 p.a. recurring and Rs. 700 non-recurring.

The Health Department have stated that the additional staff asked for are according to standard scales and have therefore recommended the proposal for consideration as a Part II Scheme for 1953-54 on the ground that the scheme is immediately and imperatively essential for the running of the administration.

The proposals may be agreed to in Finance.

SUMMARISING NOTE

Sub: ESTABLISHMENT - Government Medical Institutions - Posts of Nurses - Sanction.

---

In connection with the Part II estimates for 1953-54, the Director of Medical Services asked for about 181 additional posts of Nurses for employment in the various Government Hospitals. Pending issue of orders on those proposals, the Director of Medical Services requested the Government to sanction the employment of atleast 100 additional Nurses with effect from 1st January 1953 as the 14 Nurse pupils who would then complete their training on 31st December 1952 would have to be posted for contract duty from 1st January 1953. The Government did not comply with the request of the Director of Medical Services. He was informed that the training programme for nurses might be slowed down. Subsequently all the Part II Schemes referred to above have been deferred. It was proposed to bring forward again certain proposals of additional staff in Government medical institutions as Part II schemes in connection with the regular budget for 1953-54. The Director of Medical Services has reported that the nurse pupils after their successful completion of training are not able to secure employment in private hospitals etc. nor are they able to get any private practice unlike other classes of trainees such as compounders and Maternity Assistants, that consequently they all expect appointment in Government hospitals, that if this state of affairs were allowed to continue for some time more, there would be no candidates forthcoming to take up Nurses' training, that so much so there is every probability of the recruitment of Nurses coming to a standstill after some time with all its attendant disadvantages and that it is also not fair to send away all the Nurse pupils without employment after their training.

p.t.

b

In view of the above reasons and also in view of the fact that the nurses are trained at the cost of Government and that if they are not employed, the considerable amount spent by the Government on their training may be a waste. It was therefore considered necessary to sanction at least 32 posts of nurses in certain hospitals which are understaffed as indicated in the annexure to this note as against the additional posts asked for by the Director of Medical Services originally. The extra cost to Government will be Rs.76,928 (recurring) and Rs.11,200(non-recurring).

3. In view of the extreme urgency and imperative need for employment of additional nurses, short circuit procedure was adopted, waiving reference to the Standing Finance Committee and the Cabinet after obtaining orders in circulation to M(H), M(Fin) and C.M. Orders sanctioning the employment of 32 additional nurses during the current year have been issued. This note may be circulated to all other Ministers who have not seen the case and to the C.S. and also to the Finance Department.

S.A. SUBHAN,
Secretary to Government.
